Formula: Grammar and mechanics use errors per 100 words: ≤2=5, ≤4=4, ≤7=3, ≤11=2, >11=1. Vocabulary uses unique-word ratio, connectors and overused words. Task score uses the 120–180 word target. Total: A2=10, B1=14, B2=18.

Task-completion feedback

- The target is 120–180 words; this answer has 199.

Original writing answer

> Last sunday, I am going to the market with my friends. The weather were very beautiful and the sun was shining brightly in the sky. We was walking on the road and talking about our school life. Suddenly, my friend Ali see a small cat sitting near a big tree. The cat look very hungry and it was crying loudly. We decided to buy somes milk and bread for the cat, but the shop was close at that time. After waiting for tn minutes, the shopkeeper come back and open his shop. We buyed some milk and give it to the cat. The cat drink the milk very happily and start playing with us. After that, we goes to a nearby park where many childrens

was playing games. Some boys was playing cricket and other boys was flying kites. I also try to play cricket, but I was not able to hit the ball properly. My friends laughs at me, bt I did not feel bad because we was enjoying our time together. At evening, we returned to our homes and I tell my mother about this wonderful day. She say that helping animals are a very good habit.
